Subject No. 182.
Timber Depot for Chitaldroog.

Summary of discussion.—A Timber Depôt should be established at Chitaldroog.

Dewan's reply.—The Deputy Commissioner will see to this.

Subject No. 183.
Pollution of Timmanayakankere Tank-bed.

Summary of discussion.—Cattle should not be allowed to graze in the bed of the Timmanayakankere Tank and to pollute the water thereof.

Dewan's reply.—The Deputy Commissioner will attend to this.

Subject No. 184.
Feeder to Jampannananayakankote Tank.

Summary of discussion.—An anikat should be built across the Guddarahalla and a channel taken to the Jampannananayakankote Tank, Chitaldroog Taluk.

Dewan's reply.—Will be considered in the D. P. W.

Subject No. 185.
Water-supply for Chitaldroog Town.

Sumamry of discussion.—Last year, the Dewan was pleased to tell the members that the water supply project for the town of Chitaldroog was under investigation by the Sanitary Engineer, but the work has not yet been taken in hand. The work should be ordered to be started early, so that, the inhabitants of the Chitaldroog Town may be relieved of their present inconvenience. The want of the pipe system has been the chief cause of the unhealthy state of the town. The tank which now supplies water does not fill every year, and there is much of it wasted in the channel conveying it into the town.

Dewan's reply.—The Sanitary Engineer will be requested to expedite his project and if possible, to visit the place in December or January next.

Subject No. 186.
Government Loans for building houses.

Summary of discussion.—In the Chitaldroog Town, people ask for Government loans to enable them to build houses. On a representation made last year, the Dewan observed that the Government could not lend, but that the Municipal Board might. But as the Municipal funds do not permit of this being done, the assistance of Government is again solicited. The Municipality is poor and has not reserve funds, from which it may make such loans.

Dewan's reply.—Government cannot undertake to lend in the way suggested. But a loan can be given to the Municipality itself, if it asks for it.
